

# MISSION NEWS

The Greater Mission Chamber of Commerce

## It's Coming!

On June 29, 2007, a groundbreaking ceremony took place for the new and upcoming Anzalduas International Bridge. Mayor Norberto Salinas spoke to those present about the importance of the bridge to our community. The construction of the bridge should be completed in approximately 22 months. Mayors from Granjeno and the City of McAllen were present, as well as Congressmen Ruben Hinojosa, Henry Cuellar, Retired Kika de la Garza, and State Representative Veronica Gonzalez.

Once completed, the bridge is sure to provide economic growth to the Mission community with new businesses taking advantage of this growth.
